Anatomy of the Ear

- Helix
- Temporal muscle
- Temporal bone
- External acoustic meatus (Ear canal)
- Incus
- Stapes
- Cochlea
- Semicircular canals
- Vestibular nerve
- Cochlear nerve
- Concha
- Scapha
- Trangular fossa
- Antihelix
- Auricular lobule (Earlobe)
- Cartilage
- Tympanic membrane (Eardrum)
- Tympanic cavity
- Eustachian tube
