6. Program Updates- Program Staff:
   6.1. Staff member Julia Anderson presented the program updates. The Watsonville exchange will be moving from 1430 Suite A to Suite B. The City of Santa Cruz began sharing its Community Request for Service Portal Needle Count Reports, where we now have data from September 2018 to August 2022. SSP will continue to receive monthly updates. SSP continues to work with the City of Santa Cruz for alternate placement of the kiosk located at San Lorenzo Park/Benchlands. They have also placed a kiosk at City
Overlook Encampment. SSP is finalizing their contract with the Community Action Board which will be funded by the CA Harm Reduction Initiative (CHRI). The goal is to assess the barriers to access SSP services, including Syringe disposal, and determine hotspots. This will be done by in-depth interviews, survey and documentation, outreach, education, etc. Commission had questions regarding what the average monthly totals are for the City’s needle count reports. Staff will have this information at the next meeting. Commission also inquired if the numbers on their report was from all syringes collected in the city or just from the County’s boxes. Staff clarified that the numbers are just based on the number of calls they receive reporting syringe litter. Commission is interested to find out more about the CHRI grant and conference that SSP staff attended in Puerto Rico.

7. Focus Area Updates
7.1. Update from Community Engagement Ad-Hoc Subcommittee
Commissioner Sturm discussed sending the SSP Commission meeting link to all county public health employees to try to get more interest/involvement. He will discuss with the leaders in public health. Staff will follow up with Commission Sturm.
